

## SeaWitch Reopening – Changes and New Procedures

1. Our staff members will always be wearing a mask to serve you. The staff members that will be cleaning tables in between guests will additionally be wearing gloves as well.
2. As mandated by the state, customers are now required to wear masks at our establishment. It's a little inconvenient we know, but it may help protect others and certainly won't stop the fun! If you need a disposable mask, you can purchase one from us for only a \$1.00. Masks need to be worn checking in at the host stand, waiting for a table on premise, walking to your table, walking to the bathroom, and leaving the property. You can take off your mask the entire time you are seated at your table enjoying great food, drinks, and live music!
3. Our Dining Room will not be open until further notice. For right now, we feel it is safer for our staff and our guests to enjoy their meal outside on our patio or in our open-air Tiki Bar. All our tables are spaced out 6 ft or more apart to create a safe dining experience.
4. Because we are utilizing all our outdoor space for dining seating and to be considerate of all guests, we will be SMOKE FREE until 10:00 pm. Smokers do not fear – you can smoke right outside of our public parking lot gate or in our private parking lot. After 10:00 PM, outside patio smoking is allowed on the property.
5. To prevent the spread of germs, we will currently be unable to offer corn hole or our other outdoor games.
6. SeaWitch will provide our guests with four hand sanitizer stations that our guests can use at any time. There will be one station by each entrance and one station by each bathroom door.
7. Currently, we are not able to accept any call aheads or reservations. Because our seating is predominately outside, it is impossible to honor reservations in the event of inclement weather. Dining will be provided on a first come, first serve basis. Just check in at the host stand, we will sign you up and text or call you when the next available table is ready.
8. Everything we can give our guests disposable for their safety, we are. Besides napkin holders on our tables, nothing else will stay from the guests before you. We have disposable dinner menus, drink menus, cutlery, cups, and condiments to provide you. If you prefer a real glass or real silverware – just let us know and we can gladly accommodate as well!
9. By law, we are only operating at 50% of our occupancy. Our 50% occupancy is 150 guests. We will have staff members stationed at both doors to make sure we have no more guests here than what is allowed.
10. During Phase Two of reopening, we are going to be predominately table service with VERY LIMITED bar service due to restrictions.
11. Until we can operate at full capacity, our big band weekend shows are cancelled. We want to provide a safe environment that does not encourage crowding and had to go this route. We have some amazing Duos and Trios scheduled in their place and will still be providing live entertainment every night! Where our dance floor was, is now table seating and, as weird as it sounds, we want our guests to enjoy the music at their tables and distanced.
12. We will still be providing online ordering for Carry Out and Delivery when we reopen. You can do either option from our website!
13. Our staff has been thoroughly trained in stricter cleaning procedures to protect themselves and our guests.
14. Because we are only able to operate at half our normal volume, we are implementing a strict two-hour limit on Dining Tables. This helps us be able to take care of more guests each day, which in turn helps our waitstaff and our business that were devastatingly affected by this pandemic.
15. We are SO EXCITED to be able to serve you again and provide you with a fun and safe environment to enjoy great food, drinks, and live music!
